STRAWS UPON REQUEST

As of 2018 Stowe Bowl has pledged to eliminate the use of plastic straws. Plastic straws are a major contributor to plastic pollution. Our natural environment is our most important asset in Stowe, Vermont and we want to do our part in preserving it for the generations to come. Our drinks are served without straws, but if you would like to have one or need one, please do not hesitate to ask for one.

OUR STORY

The [Sun & Ski Inn and Suites](#), [Stowe Golf Park](#) and [Stowe Bowl](#) are part of the same independent family business. Stowe Bowl opened its doors in 2016 along with an expansion of the hotel. We built Stowe Bowl as a place for people to gather and celebrate with friends, families and colleagues. We seek to provide an all-around experience with great service, food, drinks, music and of course lots of fun and laughs while bowling. Cheers to a great game!

HOW WE ROLL

We're excited you're here! Please read the information below to make your visit as smooth as possible.

Observe lane etiquette

Be **respectful** to the people bowling next to you. **Share** the kids' ramps (if applicable) and tables. Wait for your neighbors to complete their shot before starting yours.

Safety

Bowling is great fun, but also a **physical sport**. Be in control and pick the right ball for your size and skill level.

Wait your turn in the **settee area**, never on the approach.

Never cross the **foul line**. The lanes are oiled and very slippery.

No food or drinks on the approach.

General

Please **inform our staff** immediately if balls are not returning or you're having other technical issues. **Hold your bowling!**

If we build up a wait list while you are bowling, we will not extend your lane time beyond the initial time. No exceptions. We hope you understand.

Most important: Enjoy your time!
